RESUME & PORTFOLIO

Who am I ?

Hello, and welcome to my world of design and creativity. I embarked on my journey as a designer eight years ago, but my love for graphic design was nurtured from childhood, thanks to my designer parents who instilled in me a passion for aesthetics and visual storytelling.

My formal education in multimedia, obtained following my second PU, laid a solid foundation for my career. I honed my skills as a Senior Designer in a garment printing company, where I gained valuable experience in turning concepts into captivating visual representations. After a year, I sought new horizons and migrated to Bangalore to delve into the enchanting realm of Visual Effects. Although I didn't complete the course, I seized the opportunity to learn the essential skills and set out on my path.

Since 2017, I have been wholeheartedly pursuing my passion, and I consider myself fortunate to have contributed to a diverse array of projects across the industry. I've had the privilege of collaborating with esteemed professionals, directors, actors, and more. Recently, I had the opportunity to play a significant role in a feature film entitled "The Journalist." In addition to crafting the story and screenplay, I meticulously handled the editing and brought visual effects to life, adding a unique touch to the cinematic experience.

Apart from my professional journey, I'm an ardent writer, having published two works in the past year. I'm currently dedicated to completing my unfinished books, aiming to share more of my creative narratives with the world.

As a creator and storyteller, I extend my reach through various YouTube channels, showcasing my ability to craft engaging content and demonstrating my multifaceted skill set.

I am an opportunist, always on the lookout for the right chance to employ my creativity and problem-solving prowess to deliver outstanding results within stipulated timeframes. If you choose to welcome me into your organization and entrust me with a pivotal position, rest assured that I will harness my creative ingenuity to tackle challenges head-on and execute projects with the utmost dedication.

My commitment to excellence and my unwavering passion for the arts drive me to constantly push the boundaries of my craft. Let's explore the boundless possibilities that lie ahead.
